

LAKE COUNTY PROCEDURE 1999-LC-28

DEBIT ACCOUNT PROCESS

I. PURPOSE AND SCOPE:

To establish a process and procedure for licensed contractors to pay Building Services Division fees utilizing a debit account in which funds are held by the Clerk of the Board of County Commissioners.

II. DEFINITIONS AND REFERENCES:

III. PROCEDURES:

- A. Licensed contractors may establish a debit account with the Building Services Division by completing an application and depositing a minimum of three hundred dollars (\$300.00) with the Division. Further deposits may be made at any time and no minimum balance is required. Receipts will be issued for all deposits and should be kept by the contractor as evidence of the deposit.
- B. Upon acceptance of the application and initial deposit, the debit account will be opened and a confidential account number will be issued for the account. The account number will be needed to make transactions utilizing the debit account.
- C. Funds in the account may only be used to pay Building Services fees for permits which have been issued to the applicant or which are under the applicant's control. Such funds may be used for all Building Services fees (including impact fees) and the applicant should designate such use on any permit application. Such funds may also be used for reinspection fees; however, the applicant must call the Division and request such use for each permit prior to final inspection.
- D. All funds in debit accounts shall be held and maintained by the Clerk of the Board of County Commissioners. No interest earned will be used to offset the cost of maintaining and operating the debit account system.
- E. An applicant may terminate participation in the debit account program at any time by providing a written notice in writing to the Building Services Division. The clerk of the Board of County Commissioners shall refund all unused funds held in terminated debit account within thirty (30) days of receipt of the written notice of termination. Refunds will only be made to the person or entity who set up the account.
